

Siskiyou County Library Literacy Program
Come Learn with Us!

Free learning coaches available in all local libraries to help anyone with reading, writing, math, GED and test preparation and other learning needs.

Ask at your library or call **841-5916** or **938-5916** for more details on how you can become a learner or volunteer to be a learning coach. Please leave a message with your name and phone number. Learners meet with their coach in their nearest branch library and work at their own pace, on their personal learning goals.
