Ultima™ Manual and Sensor-Operated Diaphragm Flush Valves

DynaClean™ Self-Cleaning Technology Helps Prevent Valve Run-On Due to Clogging

Reduce Maintenance and Downtime, Save Water

CLOG-REDUCING TECHNOLOGY AND MORE These diaphragm flush valves offer a common-sense solution to the all-to-common problem of valve run-on caused by clogging.

SUPERIOR PERFORMANCE AND DURABILITY These flush valves include our exclusive self-cleaning technology and superior materials to out-perform and out-last traditional diaphragm flush valves.

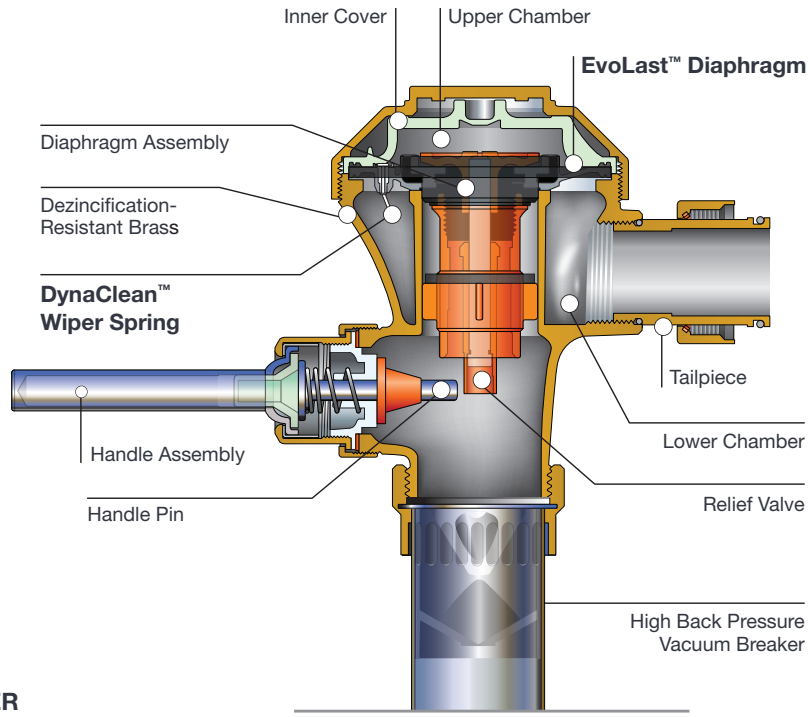
PROPRIETARY BRASS ALLOY prevents dezincification

ADA-COMPLIANT non-hold open handle provides automatic shut-off after every flush

HIGH BACK PRESSURE VACUUM BREAKER prevents dripping

SWEAT SOLDER KIT included

5-YEAR LIMITED WARRANTY



DynaClean Wiper Spring

DYNACLEAN, our exclusive, self-cleaning technology, cleans the refill orifice with every flush, and helps prevent valve run-on. The integral wiper spring keeps the orifice clear of debris and mineral build-up for improved performance and less maintenance.

EvoLast Diaphragm

EVOLAST, a premium, chlorine-resistant diaphragm material delivers consistent performance and resists premature deterioration and failure.

EASY RETROFIT, ENHANCED PERFORMANCE

Ultima Flush Valves are easy to retrofit in place of most popular piston and diaphragm flush valves. The industry standard rough-in dimensions allow for an easy switch.

Ultima Diaphragm Assemblies can be installed in diaphragm flush valves from other major manufacturers, making it easy to improve performance and ensure reliability in existing applications.

Manual and Sensor-Operated Diaphragm Flush Valves

Durable, dezincification-resistant brass construction outside and clog-resistant technology inside ensure on-site dependability and a significant reduction in maintenance, even in the most demanding locations.

Urinal Flush Valves

Washbrook® Urinal
shown with Ultima™ Manual Diaphragm Flush Valve

6145 Series
Manual Urinal Flush Valves (0.125, 0.5 and 1.0 gpf)*

6145SM Series
Sensor-Operated Urinal Flush Valves (0.125, 0.5 and 1.0 gpf)*

Toilet Flush Valves

Madera™ Toilet shown with Ultima Sensor-Operated Diaphragm Flush Valve

6147 Series
Manual Toilet Flush Valves (1.1, 1.28 and 1.6 gpf)*

6147SM Series
Sensor-Operated Toilet Flush Valves (1.1, 1.28 and 1.6 gpf)*

Clinic Sink Flush Valves are also available.

*WaterSense for 0.125 gpf and 0.5 gpf urinals and 1.1 gpf and 1.28 gpf toilets only.

Selectronic® Flush Valves

PWRX 10-Year Life Battery System reduces the downtime and maintenance costs associated with changing batteries.

Advanced lithium battery and circuitry delivers 10-year battery life

Lasts 2.5 times longer than standard flush valve batteries

Self-cleaning piston reduces clogging and maintenance.
DynaClean wiper spring cleans the refill orifice with every flush to help prevent run-on

Dezincification resistant brass alloy.
Resists corrosion in harsh water conditions

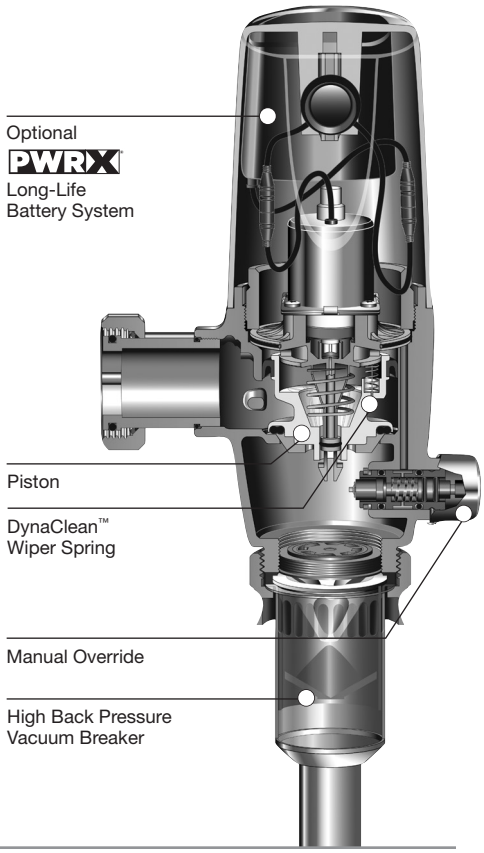
Fully mechanical manual override can flush the valve without power

High Back Pressure Vacuum Breaker prevents leakage from vacuum breaker vents

Chemical-resistant EPDM seals for extended life

5-Year Limited Warranty – including PWRX battery

No routine maintenance required.
No diaphragm to replace, no filter screen to clean



Paradigm® Selectronic Faucets

SmarTherm®

SmarTherm® Safety Shut-Off
Integral thermostatic hot water temperature limiter meets ASSE 1070 without a separate thermostatic mixing valve

Clean, Integrated Design
- – All electronics contained in faucet spout
- – No control box below deck

Easy Installation and Maintenance
- – Faucet installs from the top
- – All serviceable parts are easily accessible

Flow Rate Options (All vandal-resistant)
- – 0.35 and 0.5 gpm multi-laminar spray
- – 1.5 gpm laminar flow outlet with adjustable spray face

Above-Deck Mixing
- – Allows user to manually adjust temperature
- – Adjustable hot limit stop
- – Red and blue indicators

Removable Mixing Handle
- – Installer can set temperature and remove handle to prevent user adjustment
- – Cover plug included

Hygienic, touch-free operation

Flexible Selectronic® Platform with programmable sensor and interchangeable power supplies

American Standard

Water Conservation Without Compromise

American Standard Offers a Full Range of Water Efficient Faucets, Showers, Toilets and Urinals

High Efficiency Toilets (HETs)

HETs flush on 1.28 gpf/4.8 Lpf or less on every flush. American Standard has the most maximum performance HET toilets of any manufacturer. WaterSense certified.

Champion® PRO Two-Piece

Cadet® PRO Two-Piece

Yorkville™ Two-Piece Pressure Assist

High Efficiency Urinals (HEUs)

HEUs flush on 0.5 gpf/1.9 Lpf or less on every flush. WaterSense certified.

Washbrook®

Decorum®

Pintbrook®

WaterSense® Certified Faucets

All American Standard residential bathroom faucets, and some commercial faucets, are WaterSense certified for high performance and water efficiency. Meeting the Environmental Protection Agency's (EPA) strict WaterSense maximum flow rate requirement of 1.5 gpm/5.7 L/min, these American Standard lavatory faucets incorporate pressure-compensating aerators that deliver a minimum of 32% water savings over standard models without sacrificing performance. WaterSense certified.

NextGen™ Selectronic® with SmarTherm®

Paradigm®

Monterrey®

Reliant 3®

This WaterSense label is your confirmation that the product has met the U.S. Environmental Protection Agency (EPA) criteria for exceptional performance while reducing water use by 20% or more.

WaterSense is a voluntary partnership program launched by the U.S. Environmental Protection Agency to designate product and services that conserve water and perform as intended. WaterSense is a registered trade/service mark of the EPA.

Powerful Things Happen…

When your flush valve and toilet are designed together.

Engineered systems from American Standard combine fixtures and flush valves that were designed together to deliver superior performance while using less water. They are backed by an extended 5-year warranty.

1.1 gpf/4.2 Lpf High Efficiency Afwall® Millennium® and Madera™ Toilet Systems

- 31% water savings when compared to standard 1.6 gpf/6.0 Lpf toilets
- 14% water savings when compared to 1.28 gpf/4.8 Lpf toilets
- Maximum MaP Score: 1,000 grams of miso at 1.1 – 1.6 gpf (4.2 – 6.0 Lpf)
- Self-cleaning piston valve with DynaClean™ integral wiper spring helps prevent clogging and reduces maintenance
- Available with DC (Battery) or Manual Flush Valves
- All toilets available with EverClean® Antimicrobial Surface

Madera with Selectronic® Battery Powered Flush Valve

Afwall Millennium with Manual Flush Valve

Washbrook® with Selectronic Battery Powered Flush Valve

0.125 gpf/0.5 Lpf High Efficiency Urinal Systems

- 87.5% water savings when compared to standard 1.0 gpf/3.8 Lpf urinals
- Superior dilution of urine minimizes odor
- Self-cleaning piston valve with DynaClean integral wiper spring helps prevent clogging and reduces maintenance
- Flow regulator on the flush valve outlet maintains constant flush volume regardless of inlet pressure
- DC (Battery) or Manual Flush Valves are available

BUILDINGS MONEY-SAVING PRODUCTS WINNER

- Electronic proximity faucets with programmable, multi-function sensor
- Vandal-resistant metal construction with the sensor, solenoid valve and all electronics enclosed in the spout
- Includes Above-Deck Mixing (ADM) with hot limit safety stop and red/blue indicators
- Removable mixing handle prevents user adjustment. Cover plug included
- 24" (610 mm) long flexible stainless steel inlet hose(s) with 3/8" (10 mm) compression connection
- Filter assembly protects solenoid from being clogged by debris
- Range can be adjusted manually or with optional remote control
- Optional deck plate for 4" (102 mm) or 8" (203 mm) centers and remote control must be ordered separately

Selectronic® Power Kits

Must Be Purchased Separately for Use With Selectronic Base Model Faucets and Flush Valves

Selectronic Power Kits	DESCRIPTION	COLOR/FINISH	LIST PRICE
 PK00.CRP	**CR-P2 Lithium Battery – Power Kit** • 4-year battery life @ 4,000 uses per month • Includes CR-P2 lithium battery, battery holder and connector locking device	N/A	39
 PK00.WRK	**PWRX® 10-Year Battery System – Power Kit** • 10-year battery life @ 4,000 uses per month • Includes PWRX battery pack, battery holder and connector locking device	N/A	149
 PK00.PAC	**Plug-In AC – Power Kit** • Plug-In AC power supply with 6' (183 cm) power cord • Class 2 UL certified • Universal Input Voltage: 100 - 240 VAC, 50/60 Hz • Includes power supply, capacitor module and connector locking device	N/A	88
 PK00.HAC	**Hard Wired AC – Power Kit** • Hard-Wired AC Transformer with (1) IP65 output connector • Class 2 UL certified • Universal Input Voltage: 120 VAC, 60 Hz • Includes transformer, 10' (305 cm) extension cable and connector locking device	N/A	121
 PK00.MAC	**Multi-AC – Power Kit** • Used to connect up to 15 Selectronic faucets and/or flush valves at one time in a daisy chain configuration • Includes 10' (305 cm) extension cable and multi-AC adapter **AC Power Kit must be purchased separately**	N/A	67
Battery Back-Up: For All Selectronic AC Faucets and Flush Valves			
 PK00.BBU	• Allows Selectronic AC faucets and flush valves to continue operating during a power failure • Changes to battery power without delay or sensor reset • Installs between Selectronic product and AC Power Supply (Plug-In or Hard-Wired) • Includes standard CR-P2 lithium battery for back-up power • Maintains fail-safe operation **AC Power Kit must be purchased separately**	N/A	83

Selectronic® Accessories

Selectronic Accessories	DESCRIPTION	COLOR/FINISH	LIST PRICE
 **605XTMV1070**	**Thermostatic Mixing Valve** • ASSE 1070 certified • Anti-scald protection • 20" (508 mm) long stainless steel flex hoses with 3/8" (10 mm) compression connections • Integral check valves prevent cross-flow • Modular design attaches directly to faucet control box	N/A	214
605XRCT	**Selectronic Remote Control** • Change functions or adjust setup parameters • Remote has USB port to allow owner to download new functionality from the American Standard website • Battery powered • Can be used to program all Selectronic faucets and flush valves	Black	413
▷ **A923654-0070A**	**Battery** • Lithium 6V CR-P2 • Can be used with all Selectronic faucets and flush valves • Can be used with Serin® sensor-operated faucets	N/A	30
 ▷ **M950361-0070A**	**PWRX® Battery** • 10-year battery pack • Can be used with all PWRX faucets and flush valves	N/A	133
 ▷ **M950527-0070A** Replaces M950520-0070A	**Hard-Wired AC Power Supply** • Class 2 UL certified • Operates at 120 VAC, 60 Hz • Can be used with all Selectronic faucets and flush valves with hard-wired AC power • IP65 water-tight output connector • One power supply can run up to 15 Selectronic products	Black	72
▷ **M950338-0070A** Replaces M950317-0070A	**Plug-In Power Supply With 6' (183 CM) Cord (IP 65 Connector)** • Class 2 UL certified • Operates at 100 – 240 VAC, 50/60 Hz • Can be used with all Selectronic faucets and flush valves with Plug-In AC power • IP65 water-tight connector • One power supply can run up to 15 Selectronic products	Black	62
▷ **M950511-0070A**	**10' (305 cm) Multi-Extension Cable** • Can connect Selectronic products in a Multi-AC configuration • Can extend connection from sensor to power supply IP65 water-tight connectors **NOTE:** Do not connect more than two extension cables together	Black	23
▷ **M950512-0070A**	**Y-Connector** • Used along with M950511-0070A to connect Selectronic products in a Multi-AC configuration • IP65 water-tight connectors	Black	25
 ▷ **7381301-100.0070A**	**Faucet To TMV Hose** • Connects Selectronic faucet control box to Selectronic thermostatic mixing valve • 13" (330 mm) long • Flexible stainless steel construction	N/A	17

▷ Parts Program

Metering Faucets – 1.0 gpm/3.8 L/min

- Solid cast brass construction
- Vandal-resistant handles and aerator
- Optional deck plate available for 4" (102 mm) and 8" (203 mm) mounting
- Factory set for 10 second running time to deliver 0.17 gpc (gallons per cycle)
- **Water-conserving 1.0 gpm/3.8 L/min vandal-resistant pressure-compensating aerator**

Monterrey® Single Control Cast Centerset Faucets

- Cast brass centerset body
- Metal lever handle
- 1/2" (13 mm) male threaded cast brass inlet shanks with quick spin nuts
- Washerless ceramic disc valve cartridge
- Adjustable hot limit safety stop: Limits the amount of hot water allowed to mix with cold. Reduces the risk of accidental scalding
- Pressure-compensating outlet: Provides a constant water flow throughout the pressure range
- Maximum recommended deck thickness of 1-1/2" (38 mm)

Ultima™ Sensor-Operated Toilet Flush Valves – Diaphragm-Type Battery Powered

- Hygienic, touch-free operation
- Side-mount sensor-operated gear operator automatically flushes the valve
- Chrome-plated metal cover
- Electronically operated override button
- Includes (4) C-sized Duracell® batteries
- Exclusive DynaClean™ self-cleaning wiper spring technology
- Integral wiper spring cleans refill orifice with every flush to help prevent valve run-on
- EvoLast™ premium chlorine-resistant diaphragm material resists premature deterioration and failure
- Proprietary brass alloy resists dezincification
- High back pressure vacuum breaker helps prevent dripping
- Can be installed left- or right-handed
- All flush valves include sweat solder kit

Commercial Faucet Modifications and Aerator Cross Reference

Faucet Modifications How to Order

ORDERING

- Special manufacturing or modification requests can be made through your sales rep or customer care
- You will need to provide basic information regarding the request for review by category and manufacturing teams

PRICING

- Pricing will be provided by sales rep after review of request

CONDITIONS

- Some modifications may not be feasible. Each request will be reviewed by category and manufacturing
- Order minimum: 100 pieces. Exceptions will be considered on large job quotes
- A one-time setup charge may be applied to modification

Technology

Innovation that makes life easier and more enjoyable by solving the little and not so little problems of everyday living.

CleanCurve® Rim Design: Unique rim design eliminates hidden, hard to reach surfaces where dirt and build-up hide.

EverClean® Surface: Toilet surface is over 2X smoother than ordinary toilet surfaces. Includes antimicrobial properties that inhibit the growth of stain and odor causing bacteria, mold and mildew on the surface.

Noise: Creates 50% less noise than pressure-assist technology toilets.

VorMax Flushing Action: Delivers a powerful jet of water that completely scrubs the bowl clean from top to bottom, eliminating everything in its path. Tested and proven, cleans over 2X better.*

*Source: Test Report No. 109-141486-002, comparing VorMax against conventional under-the-rim-water-dispersal toilets from major retailers.

Performance

Beauty you can see and feel inside and out that comes from our use of long-lasting, solid materials and our flawless attention to details that create dependable performance for life.

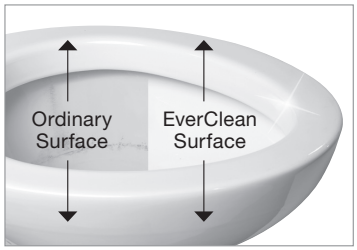
Flush Score: Obtains best 1,000g MaP score using a water conserving 1.28 gpf volume.†

Drain Line Carry: Meets all applicable drain line carry requirements and performs just as well as all pressure-assist HETs.

Seat Cover Flushing: Consistently flushes and removes paper seat covers unlike many pressure-assist toilets which tend to rip and leave behind paper.

†MaP testing performed by IAPMO R&T Lab. MaP report conducted by Gauley Associates Ltd. and Koeller and Company.

EverClean®



Monthly cost to vacuum, clean and remove trash from a four-story facility, including the restrooms, with a crew of four people can be as high as $3,600. The cost can be higher depending on rentable square feet, cleaning frequency, building type, density and access. Burdened with this high cost, many facilities are looking for more cost-effective options.

American Standard's exclusive EverClean antimicrobial technology provides such an option. Many of our commercial chinaware products have our EverClean surface. This surface helps inhibit the growth of stain and odor causing bacteria, mold and mildew, which simply means that it helps keep the chinaware products cleaner longer.

For more information on American Standard Brands, please visit our website at **www.americanstandard.com** or call **1-800-442-1902.**

American Standard

Exceptional Performance

Performance

American Standard has the best selection of high-efficiency commercial fixtures with exceptional performance. Our new Afwall® Millennium® toilet, an industry standard, paired with our Selectronic® flush valve, uses as little as 1.1 gpf/4.2 Lpf and easily handles 1,000 grams of bulk waste.

Features and Benefits

- 20-80% water savings while providing exceptional bowl performance
- Matching flush valve available for superior performance
- High efficiency and universal—performs at 1.1 to 1.6 gpf (4.2 to 6.0 Lpf)
- EverClean® Antimicrobial Surface
- Exceptional flushing performance

MaP Testing

Based on independent test of Maximum Performance (MaP). See http://MaP-testing.com.

*MaP Score Performance is attained by using both American Standard chinaware and flush valves.

Afwall Millennium FloWise Elongated Top Spud with EverClean (Shown with American Standard Selectronic® Battery-Powered Flush Valve – sold separately)

This easy-to-install integrated design installs from the top. All electronics, sensor and solenoid are in the spout with no control box below deck. This easy-to-clean, durable design is tough enough to withstand the rigors of commercial installations.

Murro™ CHO Lavatory 0955.001EC Above Deck Mixing Selectronic Faucet and Vitreous China Shroud with EverClean

Yorkville VorMax Toilet

2019 *BUILDINGS* Money-Saving Products

BUILDINGS MONEY-SAVING PRODUCTS WINNER

Two-Piece Toilets Vitreous China

DESCRIPTION

Yorkville™ VorMax® – Right Height® Elongated Toilets Less Seat

- **Floor mount, back outlet, gravity flush toilet configuration**
- VorMax flushing technology cleans two times better than conventional toilets*
- Combination bowl and tank, less seat
- Right Height elongated siphon action bowl
- High efficiency toilet (HET) 1.28 gpf/4.8 Lpf
- Meets EPA WaterSense®
- EverClean® Antimicrobial Surface
- CleanCurve® rim eliminates rim area where dirt and build-up hide
- Creates 50% less noise than pressure-assist technology toilets
- Consistently flushes and removes paper seat covers unlike many pressure-assist toilets which tend to rip and leave behind paper
- Meets all applicable drain line carry requirements and performs just as well as all pressure-assist HETs
- 16-1/2" (419 mm) rim height for accessible applications
- 2-1/16" (52 mm) trapway
- Dual injection flush valves
- Chrome trip lever included
- Four color-matched bolt caps
- 10-year warranty

2019 Consulting-Specifying engineer	2019 PRODUCT OF THE YEAR Gold

Two-Piece Toilets Vitreous China

Glenwall® VorMax® – Wall-Hung Elongated Toilets Less Seat

- **Wall-hung, back outlet, gravity flush toilet configuration**
- VorMax flushing technology cleans two times better than conventional toilets*
- Combination bowl and tank, less seat
- Elongated siphon action bowl
- High efficiency toilet (HET) 1.28 gpf/4.8 Lpf
- Meets EPA WaterSense®
- EverClean® Antimicrobial Surface
- CleanCurve® rim eliminates rim area where dirt and build-up hide
- Creates 50% less noise than pressure-assist technology toilets
- Consistently flushes and removes paper seat covers unlike many pressure-assist toilets which tend to rip and leave behind paper
- Meets all applicable drain line carry requirements and performs just as well as all pressure-assist HETs
- 2-1/16" (52 mm) trapway
- Dual injection flush valves
- Chrome trip lever included
- 10-year warranty
- Wall carrier supplied by others

Urinals Vitreous China

DESCRIPTION

Decorum®

- **0.125 gpf/0.47 Lpf urinal**
- Sleek, modern, compact design
- Vitreous china
- High efficiency (0.125 gpf/0.47 Lpf)
- EverClean® Antimicrobial Surface inhibits the growth of stain and odor causing bacteria, mold and mildew on the surface
- Powerful washdown action
- Deep bowl that helps to reduce splashing
- 3/4" (19 mm) inlet spud
- Outlet connection threaded 2" (51 mm) NPT
- Two wall hangers included
- Fixture only
- Chrome plated non-metallic strainer included
- Meets ANSI flush requirements at 0.125 gpf/0.47 Lpf

Nominal Dimensions:
- 14" x 13-5/16" x 21-1/2" (356 x 338 x 546 mm)

CEC WaterSense Meets EPA Criteria Certified by IAPMO IGC

When used with **0.125 gpf** urinal flush valve

Warranties

AS America, Inc. One Year Limited Warranty for Commercial Fixtures

If inspection of this AS America, Inc. ("American Standard®") plumbing product, within one year after its initial purchase, confirms that it is defective in materials or workmanship, American Standard will repair or, at its option, exchange the product for a similar model.

If the commercial fixture is purchased with a matching American Standard flush valve, American Standard will extend the limited commercial warranty for the commercial fixture to five years. Proof of purchase is required and must show that the commercial fixture and flush valve are purchased together and in the same proof of purchase document.

This limited warranty applies only to the original purchaser and installation of these products. In the event of a limited warranty claim, proof of purchase will be required – **save sales receipt.**

This limited warranty does not apply to local building code compliance. Since local building codes vary considerably, the purchaser of this product should check with a local building or plumbing contractor to ensure local code compliance before installation.

This limited warranty is void if the product has been moved from its initial place of installation; if it has been subjected to faulty maintenance, abuse, misuse, accident or other damages; if it was not installed in accordance with American Standard's instructions; or if it has been modified in a manner inconsistent with the product as shipped by American Standard.

American Standard's option to repair or exchange the product under this limited warranty does not cover any labor or other costs of removal or installation. IN NO EVENT WILL AMERICAN STANDARD BE LIABLE FOR THE COST OF REPAIR OR REPLACEMENT OF ANY INSTALLATION MATERIALS, INCLUDING BUT NOT LIMITED TO, TILES, MARBLE, ETC. American Standard will not be responsible for any other incidental or consequential damages attributable to a product defect or to the repair or exchange of a defective product, all of which are expressly excluded from this limited warranty. This limited warranty does not cover any liability for consequential or incidental damages, all of which are hereby expressly disclaimed, or the extension beyond the duration of this limited warranty or any implied limited warranties, including those of merchantability or fitness for an intended purpose. (Some states or provinces do not allow the exclusion or limitation of implied limited warranties, so this exclusion may not apply to you.)

This limited warranty gives you specific legal rights. You may have other statutory rights that vary from state to state or from province to province, in which case this limited warranty does not affect such statutory rights.

AS America, Inc. Five Year Limited Warranty for Commercial Systems

If inspection of this AS America, Inc. ("American Standard®") plumbing product, within five year after its initial purchase, confirms that it is defective in materials or workmanship, American Standard will repair or, at its option, exchange the product for a similar model.

This limited warranty applies only to the original purchaser and installation of these products. In the event of a limited warranty claim, proof of purchase will be required – **save sales receipt.**

This limited warranty does not apply to local building code compliance. Since local building codes vary considerably, the purchaser of this product should check with a local building or plumbing contractor to ensure local code compliance before installation.

This limited warranty is void if the product has been moved from its initial place of installation; if it has been subjected to faulty maintenance, abuse, misuse, accident or other damages; if it was not installed in accordance with American Standard's instructions; or if it has been modified in a manner inconsistent with the product as shipped by American Standard.

American Standard's option to repair or exchange the product under this limited warranty does not cover any labor or other costs of removal or installation. IN NO EVENT WILL AMERICAN STANDARD BE LIABLE FOR THE COST OF REPAIR OR REPLACEMENT OF ANY INSTALLATION MATERIALS, INCLUDING BUT NOT LIMITED TO, TILES, MARBLE, ETC. American Standard will not be responsible for any other incidental or consequential damages attributable to a product defect or to the repair or exchange of a defective product, all of which are expressly excluded from this limited warranty. This limited warranty does not cover any liability for consequential or incidental damages, all of which are hereby expressly disclaimed, or the extension beyond the duration of this limited warranty or any implied limited warranties, including those of merchantability or fitness for an intended purpose. (Some states or provinces do not allow the exclusion or limitation of implied limited warranties, so this exclusion may not apply to you.)

Warranties

AS America, Inc. Limited Warranty for Champion® PRO, Glenwall® VorMax®, Yorkville™ VorMax and VorMax Toilets

This toilet comes with a limited lifetime warranty on chinaware, a limited 10-year warranty on all mechanical parts of the toilet and a limited one year warranty on the toilet seat if included with product. If inspection of this AS America, Inc. ("American Standard®") plumbing product, inclusive of the chinaware and all mechanical parts, confirms that it is defective in materials or workmanship, American Standard will repair or, at its option, exchange the product for the same or a similar model.

This limited warranty applies only to the original non-commercial purchaser and installation of the products. In the event of a limited warranty claim, proof of purchase will be required – **save sales receipt.**

For this warranty to become effective, the warranty registration process must be completed via the internet or telephone per the warranty registration instructions.

This limited warranty does not apply to commercial installations. The warranty for commercial installations is one year on chinaware and mechanical parts and one year on the toilet seat if included with product.

This warranty **does not apply** to local building code compliance. Since local building codes vary considerably, the purchaser of the product should check with a local building or plumbing contractor to ensure local code compliance before installation.

This warranty **will be void** if the product has been moved from its initial place of installation; if it has been subjected to faulty maintenance, abuse, misuse, accident or other damage; if it was not installed in accordance with American Standard's instructions; or if it has been modified in a manner inconsistent with the product as shipped by American Standard.

WARNING: This warranty **DOES NOT COVER** any damages caused by the use of in-tank cleaners. These products can seriously corrode the fittings in the tank. This damage can cause leakage and property damage. **American Standard will not be responsible or liable for any damage caused by the use of in-tank cleaners.**

American Standard's option to repair or exchange the product under this warranty does not cover any labor or other costs of removal or installation including any costs of any surrounding material such as tile or marble. **American Standard is not responsible for any other incidental or consequential damages attributed to a product defect or to the repair or exchange of a defective product, all of which are expressly excluded from this warranty.** (Some states or provinces do not allow the exclusion or limitation of implied warranties, so this exclusion may not apply to you.)

This warranty gives you specific rights. You may have other statutory rights that may vary from state to state or province to province, in which case this warranty does not affect such statutory rights.

AS America, Inc. Limited Warranty for Cadet® PRO Toilets

This toilet comes with a limited lifetime warranty on chinaware, a limited five-year warranty on all mechanical parts of the toilet and a limited one-year warranty on the toilet seat if included with product. If inspection of this AS America, Inc. ("American Standard®") plumbing product, inclusive of the chinaware and all mechanical parts, confirms that it is defective in materials or workmanship, American Standard will repair or, at its option, exchange the product for the same or a similar model.

This limited warranty applies only to the original purchaser and installation of the products. In the event of a limited warranty claim, proof of purchase will be required – **save sales receipts.**

For this warranty to become effective, the warranty registration process must be completed via the internet or telephone per the warranty registration instructions.

This limited warranty does not apply to commercial installations. The warranty for commercial installations is one year on chinaware and mechanical parts and one year on the toilet seat if included with product.

This warranty **does not apply** to local building code compliance. Since local building codes vary considerably, the purchaser of the product should check with a local building or plumbing contractor to ensure local code compliance before installation.

This warranty **will be void** if the product has been moved from its initial place of installation; if it has been subjected to faulty maintenance, abuse, misuse, accident or other damage; if it was not installed in accordance with American Standard's instructions; or if it has been modified in a manner inconsistent with the product as shipped by American Standard.

WARNING: This warranty **DOES NOT COVER** any damages caused by the use of in-tank cleaners. These products can seriously corrode the fittings in the tank. This damage can cause leakage and property damage. **American Standard will not be responsible or liable for any damage caused by the use of in-tank cleaners.**

American Standard's option to repair or exchange the product under this warranty does not cover any labor or other costs of removal or installation including any costs of any surrounding material such as tile or marble. **American Standard is not responsible for any other incidental or consequential damages attributed to a product defect or to the repair or exchange of a defective product, all of which are expressly excluded from this warranty.** (Some states or provinces do not allow the exclusion or limitation of implied warranties, so this exclusion may not apply to you.)

This warranty gives you specific rights. You may have other statutory rights that may vary from state to state or province to province, in which case this warranty does not affect such statutory rights.

Warranties

AS America, Inc. Faucet Limited Lifetime Function and Finish Warranty

FOR RESIDENTIAL INSTALLATIONS: AS America, Inc. ("American Standard®") warrants this product to be free from defects in materials or workmanship for as long as the original consumer purchaser owns this product. Proof of purchase (original sales receipt) from the original consumer purchaser must be made available to American Standard for all warranty claims. This warranty is non-transferable. It does not apply in the event of product damage due to the use of other than genuine American Standard replacement parts, installation error, abuse, misuse or improper care and maintenance (whether performed by a plumber, contractor, service provider or member of the purchaser's household). The warranty excludes damage due to aggressive air or water conditions, or harsh or abrasive cleaners and/or materials.

FOR COMMERCIAL INSTALLATIONS: For all industrial, commercial and business usage the warranty period is five years, from date of purchase and except for duration, all other aforementioned warranty terms apply. For both Residential and Commercial warranties, standard batteries are not included in the warranty. The warranty period for the PWRX® Long-Life Power Pack is 5 years from date of purchase.

FOR ELECTRONIC FAUCETS, VALVES AND CONTROLS: American Standard warrants its electronic faucets, valves and controls to be free from manufacturing defects in material and workmanship under normal use for five (5) years from the date of purchase by or for the original consumer owner.

American Standard will provide free of charge, at it's sole option, replacement part(s) or product (or if no longer available, a comparable product) to replace those which have proven defective in materials or workmanship.

This warranty does not cover labor charges incurred and/or damage sustained in installation, repair or replacement, nor incidental or consequential damages. This warranty is effective for all faucets sold after March 1, 2018.

THIS WARRANTY IS EXCLUSIVELY IN LIEU OF ALL OTHER WARRANTIES, INCLUDING ANY IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE.

This warranty gives the original consumer purchaser of an American Standard faucet specific legal rights which may vary from state to state or from province to province. In some states or provinces the exclusion or limitation of incidental or consequential damages is not allowed, so those exclusions may not apply to you.

For service under these warranties, it is suggested that a claim be made through the contractor or dealer from or through whom the product was purchased, or that a service request (including a description of the product model and of the defect) be sent to the following address:

In the United States:

Notes

1-Pint Flush Urinals

Highest efficiency 0.125 gpf urinals available for all commercial needs.

Greenbrook®

Washbrook®

Decorum®

Pintbrook®

Maybrook®

SKU		URINAL DESCRIPTION	NOMINAL DIMENSIONS	URINAL FLUSH RATING
6516001EC	ADA	Greenbrook with EverClean®, Top Spud	15-1/8″ x 16-5/8″ x 27-1/2″	0.125 to 0.50 gpf (0.47 to 1.9 Lpf)
6517001EC	ADA	Greenbrook with EverClean, Back Spud		
6590.001EC	ADA	Washbrook with EverClean, Top Spud	14-1/8″ x 18-7/8″ x 26-1/8″	0.125 to 1.0 gpf (0.47 to 3.8 Lpf)
6590.001	ADA	Washbrook, Top Spud		
6515.001	ADA	Washbrook, Back Spud		
6042.001EC	ADA	Decorum with EverClean, Top Spud	14″ x 13-5/16″ x 21-1/2″	0.125 gpf (0.47 Lpf)
6043.001EC	ADA	Decorum with EverClean, Back Spud		
6002.001	ADA	Pintbrook, Top Spud	14-7/16″ x 14-5/16″ x 22-5/8″	0.125 to 0.50 gpf (0.47 to 1.9 Lpf)
6581.001EC		Maybrook with EverClean, Top Spud	12-3/4″ x 12-3/4″ x 18″	0.125 to 1.0 gpf (0.47 to 3.8 Lpf)
6581.001		Maybrook, Top Spud		

EverClean Surface

- EverClean is an antimicrobial additive that inhibits the growth of stain and odor causing bacteria, mold and mildew on the surface
- Double coat glaze process
- Continuously repels dirt and grime—smoother surface reduces ability to adhere

CEC
When used with **0.125 gpf** urinal flush valve

WaterSense
Meets EPA Criteria
Certified by IAPMO R&T
When used with **0.125 gpf or 0.5 gpf** urinal flush valves

Meets all ANSI/ASME Low Consumption, Water Conservation Requirements.
High Efficiency Urinal (HEU) utilizes 50% less water than traditional 1.0 gpf/3.8 Lpf urinals at 0.5 gpf (1.9 Lpf) and 87% less water at 0.125 gpf (0.47 Lpf).

REVIT, Specs, CAD and BIM Availability

Through our partner ATS, American Standard Brands provides a complete plumbing specification solution for your Revit and 3D projects. With over 8,500 product combinations accessible for immediate download and new files being added daily, ATS is the largest source for Revit plumbing equipment. ATS and American Standard's combined 3D BIM families can be easily accessed and downloaded at no-cost to the specification design community. For more information, please visit our partner website, **www.atsspec.net.**
